Roosevelt Denies Personal Ambition Prompted Him to Enter Race

OTHERS DESERTED AND HE FILLED THE BREACH

Denounces Trailing Tactics of Enemies—Bryan is Out Among the Trailers

LA GRANDE, Ore., Sept. 12.—"I came out for the presidential nomination only when those I believed would carry forward the people's cause, turned backward and deserted," was Roosevelt's assertion here today on his first stop in his swing through Oregon and Idaho.

Before night he will speak in Huntington, Nampa and Boise City. With his voice hoarse and husky, he defended himself against the charge of personal ambition. He declared the Progressive movement was in no sense personal to him. He said: "My fealty is to the people; my plea is for disinterested leadership. It is the cause that counts, not the personality of men except as it may be an aid in advancing the cause."

Referring to Penrose and Archbold in connection with campaign fund contributions in 1904, the Colonel said: "The Lord has delivered them into my hands; I'll hew at them, hip and thigh now that I can get at them in the open field."

ASSAILED IMPORTED ORATORS
SENT ON HIS TRAIL BY FOES

LA GRANDE, Ore., Sept. 12.—Roosevelt in his speech here today bitterly assailed the Republican plan to send "imported orators" behind him, labelling them as "discredited politicians and prophets without honor in their own country, sent to attempt to make the people vote with the politicians."

He continued yesterday's attacks on the Oregon delegates at the national Republican convention, dubbing them "traitors who should have punishment."

Motion picture operators frantically worked their cameras throughout their stay here.

Bryan is Also on the Trail

NEW YORK, Sept. 12.—Acting on his own initiative, W. J. Bryan notified the Democratic campaign committee that he will start on Saturday for a campaigning tour for Governor Wilson over the Pacific and western trail, warmed by Colonel Roosevelt. He starts for Denver Monday, speaking in every town covered by Colonel Roosevelt on his present trip. He returns to Lincoln on October 2, starting on another trip over Roosevelt's trail until election, after a brief rest. Democratic leaders are jubilant.

JACK JOHNSON'S WIFE, DESPONDENT, SHOOTS HERSELF

CHICAGO, Sept. 12.—Mrs. Etta Johnson, wife of Jack Johnson, the champion pugilist, and former society belle of Hempstead, L. I., where, as wife of Clarence E. Duryea, society leader and horseman, she held the key to Long Island society, last night shot herself following an attack of nervous prostration, in her apartment over Johnson's cafe, 41 West Thirty-first street.

The bullet entered at the right temple and came out at the left temple. At midnight, after an operation at the Provident Hospital, hope for her recovery was abandoned, and the Rev. John S. Mersey, of St. Monica's Catholic church, administered the extreme unction. Johnson was at his wife's side crying like a child as the church man solemnly read the last service.

DULUTH CARS TIED
UP—BUSINESS MEN
ASK ARBITRATION

DULUTH, Minn., Sept. 12.—With every surface car tied up, the mayor, business men and strikers today united in a demand for the car companies to arbitrate the strike, which is demoralizing business. The traction officials refused to entertain the proposal and served notice they would resume service with strikebreakers whenever the city guarantees them protection.

PASADENA, Sept. 12.—D. M. Linnard, manager of the Hotel Maryland, returned from an eastern trip yesterday. Linnard says indications in the East spell a big tourist influx to Southern California this winter.

REGULARS SEEM TO HAVE WON OUT IN COLORADO

La Follette to Demand McGovern to Get Off Ticket if He is For Roosevelt

SYRACUSE, Sept. 12.—Gov. Wilson today addressed 11,000 persons on Trusts and the Tariff. He said:

"The tariff is a malignant growth requiring a surgical operation. If I am the surgeon, I must perform the operation. The man who says let the trusts stay as they are, declines to attack the center of our social and political trouble. If he does not propose to operate he is a quack."

Gov. Wilson declared that his intellectual gifts seem to puzzle Col. Roosevelt, adding that one of his gifts is "to keep off of subjects I don't understand."

PROGRESSIVES BEATEN IN COLORADO BY REGULARS

DENVER, Sept. 12.—Practically complete returns of Tuesday's primaries indicate that the Progressive claims of a sweeping victory were premature. C. A. DR. C. D. BALL VICTIM OF ATTACK OF BLOOD POISONING

Two days ago Dr. Ball pricked his finger while engaged in performing an operation, and very shortly thereafter he began to swell. Night before last he was suffering intensely, but was able to administer an anesthetic for another physician. Yesterday, however, he was compelled to take to his bed and for a time much uneasiness was felt as to the outcome of the trouble. Today the swelling has greatly reduced and the outlook is considered favorable.

REGULARS PLAN CONVENTION OF OWN

May Bolt Republican Gathering Saturday and Name a Second Committee

EXPECT UNSEATING OF SOME DELEGATES

Progressives in This District Take Steps to Select Candidate For Elector

According to reports which are going the rounds, there may be two Republican conventions held in Santa Ana next Saturday afternoon. It is said that the regular delegates elected at the recent primaries are planning to bolt, hold a convention of their own and name a central committee, thus maintaining their organization in the county. That the legal convention, which will be easily controlled by Progressives, will name an entire Progressive committee, is generally conceded.

According to the story the regulars are expecting contests to be made against certain of their delegates, some of them in Anaheim precincts, on account of alleged irregularities in the election. They expect these delegates to be unseated, which, it is said, will be the signal for a bolt. Should these delegates be seated, however, there is no doubt that the convention will adopt resolutions strongly endorsing Roosevelt and Johnson, which the regulars will be unable to accept, and which will cause them to walk out of the convention. Their main purpose, it is understood, is to maintain a county organization.

Touching on the proposed bolt the Anaheim Gazette of this morning says:

"In a number of precincts votes cast by Democrats for Republican delegates were inadvertently counted for Republicans. Also a number of democratic votes cast for Republican candidates were counted for them and Republican votes cast for Democratic nominees were counted for the latter. This was owing to unfamiliarity of the election boards with the new primary law. It is given out that contests will be made before the committee on credentials, at Saturday's meeting and the opinion prevails in some quarters that in close contests regularly elected delegates may be excluded from the convention. In other instances, contests are promised in precincts where it is said electioneering was done within the prescribed limits of such precincts. One of these contests is said to be scheduled for this city's precincts, where regular delegates, a Seattle socialist, and Bernice Bailett, who posed as his wife, on charges of conspiracy under the white slave act, following the woman's arrest as she was starting to Japan with Helen Heath and Mabel Kelley, Americans. Six thousand dollars' bail for each was fixed. It will be alleged that the woman intended to place the girls in a notorious Yokohama resort."

"That the convention will adopt a platform strongly endorsing Roosevelt, with no mention of Taft's name except, perhaps, to condemn his administration, is the consensus of opinion among regulars. This, of course, they will not submit to. And failing to bolt upon unseating of some of their delegates, it will call for a leaving of the party of regulars, who will hold another convention, adopt resolutions favoring Taft, and naming a new county central committee."

Considering Electoral Candidates
Definite word—in fact official information—has been received here that the Progressives have decided to place their presidential electors for this state on the ballot by petition.

The question presented locally is who shall be the nominee for elector from the Eleventh Congressional district. Of course, it is necessary to nominate by petition the same men who will be nominated by the state convention, and John N. Anderson and Hans V. Weisel have been asked to express their preference.

The candidates in this district—or those "mentioned" for the place are Grant Conrad of San Diego, Mr. Avey of Riverside, Ed. Roberts of San Bernardino and John M. Eshelman of El Centro.

The Progressives here, as far as their desires and judgment could be ascertained, favored Conrad or any other suitable San Diego man, on the ground that Riverside has the congressional nominee, Imperial the chairman of the State Railroad Commission, and San Bernardino the state treasurer.

Mr. Anderson said that any man on whom the leading Progressives of Riverside, Orange and Imperial counties could agree would be satisfactory to him.

Mr. Weisel is away and could not be reached today.

So far as other counties and delegates to the state convention have been heard from Eshelman seems to be the first choice.

REBEL GENERALS JOIN FORCES FOR ATTACK ON AGUA PRIETA

ROOSEVELT TO SPEAK TWICE NEXT MONDAY IN CITY OF ANGELS

Reaches City at 2.45 p. m.—Gives Address at Temple Auditorium at 3.30 p. m.

--at Shrine Auditorium, 8 p. m.

LOS ANGELES, Sept. 12.—Final arrangements for the reception of Colonel Roosevelt and for his addresses in this city, when he arrives here next Monday, September 16, have been definitely announced. They are as follows:

There will be two monster mass meetings, one to be held at Temple auditorium in the afternoon, the other at Shrine auditorium in the evening, and an automobile parade through the downtown business streets immediately following Colonel Roosevelt's arrival in the city.

Colonel Roosevelt will arrive at the Southern Pacific Arcade station, Los Angeles, at 2:45 o'clock Monday afternoon, and the hero of the people will be tendered a reception by a committee composed of several hundred friends and supporters at the station.

Immediately following this reception an automobile parade will be formed, at the head of which will ride Colonel Roosevelt and the members of his party. This parade will pass through the crowd-thronged thoroughfares of the downtown business section of the city, giving the largest, practicable opportunity to the greatest attendance can be secured.

As far as expression of preference has been given or secured, Lew Wallace of Newport Beach is the leading candidate for chairman of the convention, and S. J. Jackman seems to be first choice for chairman of the county central committee.

WHITE SLAVES FOR ORIENTAL CITIES

Pacific Coast Cities Furnished Girls For Life of Shame by Seattle Business Man

SAN FRANCISCO, Sept. 12.—It took a Federal grand jury just ten minutes to return indictments on six counts against Arthur Ward, a Seattle salesman, and Bernice Bailett, who posed as his wife, on charges of conspiracy under the white slave act, following the woman's arrest as she was starting to Japan with Helen Heath and Mabel Kelley, Americans. Six thousand dollars' bail for each was fixed. It will be alleged that the woman intended to place the girls in a notorious Yokohama resort.

SALT LAKE WILL SPEND MANY MILLIONS AT SAN PEDRO—LOS ANGELES TO BE GREAT PORT

SALT LAKE CITY, Sept. 12.—The Salt Lake railroad will spend \$20,000,000 in dock and trackage facilities at East San Pedro in order to make Los Angeles the gateway to the middle western states in competition with Chicago, upon the opening of the Panama canal and the consequent reroutings of commerce. This announcement was made here today.

A former United States Senator W. A. Clark, copper king and Salt Lake road builder, and Richard A. Kerens, heavy stockholder in the road, St. Louis millionaire and ambassador to Austria, have agreed upon the expenditure without delay. This is the secret of Mr. Kerens' recent trip in his private car to San Pedro, where he spent most of his time in a launch upon the harbor. This was the chief object of his return from Austria on leave of absence.

To Build Four Concrete Slips
Four great concrete slips, each 1400 feet long, it is announced, will be built to provide ample accommodation for the tremendous increase in freight receipts at the port. The vast frontage of the Salt Lake road at the harbor will be utilized in the most advantageous way.

Direct connection via the Salt Lake road between Los Angeles and Nevada, Utah, Montana, Colorado, Wyoming and middle western states will be made the basis of most energetic competition with Chicago, the present distributing point for the central portion of the United States.

HASTENING ON DOUBLE QUICK TO BATTLE

Mexican Federals Under Gen. Begne Declare They Will Not Surrender Town

MADERO SENDS 1000 MEN TO REINFORCE FEDERALS

Hundreds Flock to Douglas to Witness Coming Battle—U. S. Troops Patrol Border

EL PASO, Sept. 12.—President Madero is making a desperate effort to relieve Agua Prieta. Two troop trains bearing one thousand men are en route from Juarez and five hundred are marching from Cananea. It is believed here that General Rojas may postpone his attack until tonight and in that event the Federals en route from Juarez and Cananea will probably arrive in time to reinforce the Agua Prieta garrison.

GENS. SALAZAR AND ROJAS JOIN FOR AGUA PRIETA ATTACK

DOUGLAS, Ariz., Sept. 12.—The rebel forces of Generals Rojas and Salazar joined today ten miles from Agua Prieta and began a march on the town shortly before noon. The combined force comprises 1400 well armed men and two field guns.

Messengers to Colonel Begne have arrived, reporting that the rebels are marching double quick for the north and probably will arrive during the afternoon. General Begne ordered the residents of Agua Prieta to take refuge in Douglas. He now expects the engagement will take place before night.

The Mexican Federals under Colonel Begne will not surrender. They have been reinforced by 400 Yaquis dispatched from Juarez. Upon receipt of word that the rebels were moving north, General Begne deployed a command which now totals 700 men on the plains, to the south and east of town. They have two machine guns.

HUNDREDS FLOCK TO DOUGLAS TO WITNESS COMING BATTLE

Hundreds of people arrived here this morning from a radius of hundreds of miles around, to witness the battle at Agua Prieta, which is regarded as inevitable. U. S. colored cavalrymen are patrolling the international border and are not permitting curious Americans within half a mile of the line. The plains surrounding the city are filled with spectators.

Every train is bringing hundreds and yet more spectators are expected before the battle. The city is already crowded.

Reports were received here early that General Rojas had begun an advance on Agua Prieta this morning. Refugees have come across the border. Four troops of the Ninth United States Cavalry, colored, arrived this morning and eight more are en route. They will endeavor to prevent the belligerents from firing across the border.

The commander of the American troops refused to state his probable action if the belligerents cross the international border during the fighting. The residents of Douglas fear the rebels will attack Douglas if they capture Agua Prieta.

CAMPA'S REBELS CAPTURE S. P. TRAIN—PASSENGERS WALKED

NOGALES, Ariz., Sept. 12.—Returning after a night's tramp on the railroad tracks, passengers starting south last night on a Sonora railroad passenger train told of its capture by General Campa and his rebels thirty miles south of here. The rebels took the locomotive and baggage cars and proceeded southward burning bridges behind them, finally ditching the engine. They did not harm the passengers who lost all their baggage and valuables.

Negro Troops and Police Clash

A clash between negro cavalrymen and the police of the tenderloin district is presaging trouble. Fifty negroes visited the underworld, kicking down locked doors. Three policemen interfered and the negroes drew their guns. The police were powerless and the blacks then continued their way through the tenderloin. An appeal was made to the military authorities.

COL. ESCOBOS DESERTS WITH STAFF FROM REBEL CAUSE

General Rojas has issued an order to capture and execute Colonel Escobos, who refused to join in the movement on Agua Prieta. Colonel Escobos is fleeing with his staff. All will be shot if caught. It is believed they may try to join the Federals.

NAGEL INSISTS ON STRICT RULES

Will Not Modify Stringent
Steamship Regulations as
to Equipment

WASHINGTON, Sept. 12.—Secretary Nagel of the Department of Commerce and Labor yesterday practically killed the plan to modify the stringent steamboat regulations adopted by his department shortly after the Titanic disaster. He refused to permit coastwise steamers and lake, bay, sound and river steamers, except in Southern waters, to travel after September 15 without lifeboats and rafts sufficient to protect all the passengers and crew.

Mr. Nagel granted permission for lake, bay, gulf and river steamers to ply in Southern waters with lifeboats and rafts enough to accommodate at one time 60 per cent of the passengers and crew. The line at which this modification will apply was fixed at the thirty-third degree, about the location of Charleston, S. C.

Danger below that latitude, Mr. Nagel says, is not so great as it would be farther north and he does not desire to work any great hardship upon ship owners where protection is sufficient.

Mr. Nagel's refusal to make the proposed changes in the regulations came at an end of a day of consultation with Benjamin S. Cable, assistant secretary of the Department of Commerce and Labor and George Uhler, supervising inspector general of the steamboat inspection service. He declared that the rules, as amended on April 26, immediately after the Titanic disaster, were none too strict for the protection of human life.

BURNS-RIVERS BOUT IS UNDER CONSIDERATION

SAN FRANCISCO, Sept. 12.—Frankie Burns of Oakland and Joe Rivers of Los Angeles in a 20-round bout is the pugilistic morsel being considered by Pomoter James Coffroth for a future attraction. Burns' decisive Admission Day victory here over One Round Hogan has convinced Coffroth that the Oakland lightweight is in line for a tilt with a top-notch. Burns has consented to the match and Coffroth has wired Rivers offering him an opportunity to rehabilitate himself with the Pacific coast fans following his defeat at the hands of Joe Mandot in Los Angeles Labor Day.

RIVERSIDE MAY OPEN CITY MARKET

Farmers' Movement to Establish Co-operative Market Set City Heads to Thinking

RIVERSIDE, Sept. 12.—The determination of 104 farmers and fruit growers to establish a co-operative market on Main street here has aroused the city officials and may result in their establishing a free public market in a short time.

The city lot upon which the new city hall is to be built next year may be used temporarily, although official action has not yet been taken upon it.

If the city does establish such a market all the farmers of the entire valley will have equal access to it. The suggestion of a farmers' co-operative market, which would eliminate the middleman's profits and divide it between the producer and the consumer, has set the city heads to working.

SAN FRANCISCO, Sept. 12.—Chemical blood tests will be made by the police to determine whether the slayer of Lydia Bergere, who was murdered in a hotel here, is white or black. Pending the result of the test, "Big Boy" Nelson, a negro, is being detained by the police.

Mr. Willett had been in the North, making investigations into the bird and animal life for the United States Department of Agriculture. As a result of his investigations and recommendation, the government will establish a great game preserve on the Kruzoss Islands, off Alaska.

Among the 400 specimens of bird life brought back are four of the rare Dixon's Rock ptarmigan. These birds are pure white in the winter and spotted with brown during the summer. Only two other specimens exist in the world's museums and they are at the University of California.

UNEARTH REMAINS OF ANCIENT INDIAN

Interesting Find Made on the
Ranch of George Murdock,
Near Westminster

A find of unusual interest was made yesterday by George Murdock at his ranch near Westminster. He had men engaged in digging a deep trench, and they came upon a peat bog which manifested had never been disturbed by human hands. Buried in this bog were human remains, which Mr. Murdock took to be those of an ancient Indian. Mr. Murdock was satisfied from the location of the remains that they had been buried at least a century, and very probably much longer. Mr. Murdock notified Coroner Winbiger of the find, and was told to hold the remains pending further investigation. It is not improbable that additional search in the bog will disclose other relics of interest.

Officials of the Santa Ana Wholesale Grocery Company, which recently began operations in its fine plant on the Santa Fe tracks, report that their business is proving all that could be expected. This concern grasped an opening in the business world which had existed for some time, and there is every indication that it will reap substantial benefits. The company feels much satisfaction in having been joined by Mr. C. E. Lamme, of the Orange County Savings & Trust Company, who has become a stockholder and director in the institution. Mr. Lamme, besides being a financier of ability, possesses the advantage of having been in the wholesale grocery business for many years in the East, and will lend great strength to the concern.

USE OF DRUGS BECOMES EPIDEMIC IN SAN DIEGO

SAN DIEGO, Sept. 12.—The alarming increase in the number of victims of the cocaine and other drug habits found by the police in San Diego during the past two weeks, has resulted in the starting of a crusade against the users of the drug as well as those who sell it. Detective Wisler is directing the work. Several drug victims have been captured since the crusade started Wednesday night. W. M. Kuhne was caught selling cocaine and pleaded guilty yesterday. Harry Troy, said to be the son of wealthy parents, was caught this afternoon as he was attempting to escape from the home of "Sunny" Ramsey, a negro twice convicted of having cocaine in his possession and known to the police as the "snow" king of San Diego.

NEW LINER IS TO SURPASS TITANIC

White Star Line Announces the
Building of an Unsinkable
Monster Ship

LONDON, Sept. 12.—The White Star line yesterday made official announcement that it is building a new ship larger than the Titanic, to be called the Britannic, and which will have "an increased number of watertight bulkheads, so as to render the ship as nearly unsinkable as possible; in fact, making it safe against all conceivable contingencies."

The company states that the Britannic will float with six compartments flooded, as against two in the Titanic. The Olympic will be sent to Belfast this winter to be brought up to the same standard.

JUST IN TIME

Some Santa Ana People May
Wait Till It's Too Late

Don't wait until too late.
Be sure to be in time.
Just in time with kidney pills,
Means curing the backache, the dizziness, the urinary disorders,
That so often come with kidney troubles.

Doan's Kidney Pills are for this very purpose.

Here is Santa Ana testimony of their worth.

S. H. Whitehead, 607 W. First St., Santa Ana, Cal., says: "A great many people have called upon me to learn about my experience with Doan's Kidney Pills and at such times I have always recommended this remedy in the highest terms. For several years I was troubled by a weak and painful back. If I did any lifting or over-worked, I suffered from sharp twinges through my loins. I also had much trouble from the kidney secretions, the passages often being too frequent, then again just the reverse. Doan's Kidney Pills, procured at Dean's Drug Store (now Wheeler & Mateer's Drug Store) helped me at once and it was not long after beginning their use that I was entirely relieved."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

BURNED PROPERTY MAY NOT BE TAXED

Venice Losers in Fire to Get
Financial Weight Lifted if
it is Lawful

VENICE, Sept. 12.—The Venice board of trustees met yesterday afternoon and unanimously passed a resolution introduced by Trustee Lorenz which, if found lawful by City Attorney Byron C. Hanna, will cancel all tax assessments on the property improvements destroyed in the recent Ocean Park fire. This resolution refers only to the improved property which was destroyed and only to that property which lies within the limits of this city. The Decatur Hotel owned by A. R. Fraser is probably the largest property affected by this resolution.

The trustees passed a resolution instructing City Attorney Byron C. Hanna to draw up an ordinance for bonding the city in the sum of \$100,000 for the purpose of extending the salt water mains to various parts of the city not at present protected. The engineer's estimate of expense of extending these mains is \$119,000 but F. K. McCarver who introduced the resolution declared that \$100,000 will be sufficient. The recent conflagration in Ocean Park was so fresh in their minds that the new ordinance will meet with no opposition from either the city fathers or the citizens.

The present fire limits were discussed and will no doubt be enlarged very soon, although the matter was laid on the table pending the next meeting.

PARIS, Sept. 12.—Sarah Bernhardt has returned to Paris from her country place at Belle Isle and will go to London at the end of the week. She said she recognized most gratefully London's unwavering appreciation of her art in planning a celebration for her, but makes the important correction that this year will not see her sixtieth birthday, but her sixty-eighth.

She added: "It does not make much difference, but at my age one cannot allow one's self to be made more old."

SUITOR CHASES SWEETHEART ALL OVER THE WORLD

Los Angeles Tribune: After three years of globe trotting in an endeavor to catch up with his fiancée, Melvin S. Burd found Miss Elizabeth S. Van Aiken at Long Beach a few days ago, and yesterday he obtained a marriage license.

The couple met in Michigan three years ago, and became engaged. His home was at Del Rey, Florida, and she lived with her parents at Long Beach. Soon after the couple parted in Michigan, Miss Van Aiken wrote Mr. Burd that she was going to take a trip around the world with her parents, giving but meager details of the itinerary. Mr. Burd was at his home in Florida when he got her letter, and he set out to join her.

For three years he chased over the globe, but the Van Aikens kept ahead of him, and failed to leave a sufficient clue to their future movements to more than guide him. He followed them through Europe, India, Africa, Asia and the Philippine Islands, arriving at Long Beach weeks behind her.

Mr. Burd is 31 years of age, and Miss Van Aiken is 29. The wedding will occur at Long Beach today.

STAND BY EVANS

To what extent the San Diego Union voices the sentiments and desires of San Diego county Republicans in its advocacy of Democratic Kettner's congressional candidacy deponent sayeth not; but in doing so the Union prostitutes both its journalism and its politics. The determination of the Union to have a San Diego man for representative in congress from this district—just any old kind of man, so he be a San Diegoan, secured in any old kind of way, so he be secured,—is desperate and despicable politics as well as miserably poor journalism; and we cannot bring ourselves to believe that its course is approved or followed by any considerable segment of the community it represents.

What has become of the Union's loud clamor of a few months ago for a protectionist congressman? Kettner forsooth!

S. C. Evans won the Republican nomination in a fair free-for-all fight. There was nothing equivocal or deceptive about his candidacy. He ran as a Progressive Republican and proclaimed the fact everywhere. Nobody voted for him under any misapprehension or misunderstanding or misanything. He is a Progressive with a big P and a progressive with a little p—also a protectionist both ways. And he is as good a Republican as any Taft man on earth and a better one than some of them.

Self-respecting, fair-minded Republicans not only in San Diego, but all over the Eleventh district will stand by Evans at the polls in November.

A GOOD MAN ON THE JOB

All who know Lieut.-Gov. Wallace—as the writer hereof has known him for the past twelve or fifteen years—will fully agree with the opinion expressed in the following pertinent paragraph from the pen of "Parson" Pillsbury, the able writer in the California Outlook:

"The most oft repeated criticism I have heard of Hiram Johnson's campaigning in the east is that he is neglecting his job at Sacramento. With that objection his enemies are doing some execution. There is nothing to it if one stops to think of it. Lieutenant Governor Wallace is just as capable of looking after the routine business of the state as is Governor Johnson. He is a trained business man. His sanity is never shaken. His judgment is always reliable and his sincerity beyond question. He will be on the job every minute that his chief is away and no state business will suffer. True he has not that power of personality, that capacity for arousing the moral enthusiasms of the people of a state, that Governor Johnson possesses. Who else has, who but Roosevelt? But for painstaking, every day attention to details and strictly business methods it is doubtful if A. J. Wallace may not be the governor's superior. Nothing is hurting because the Governor is away and, while he is away, he is making California count for more than it has counted for since Starr King saved it

and its gold output to the cause of the Union.

ALL PARTNERS IN TOWN BUSINESS

A village, a town, a city, is a partnership. All of us here are in business together. Ownership of property is individual, but our prosperity as a whole is closely wound up in each other's interests.

If you have a house to rent, goods to sell, labor to sell, your success in getting a good price for such service depends on the prosperity of your neighbors. If they are doing well, they will pay fair prices, and as times go, these prices tend to rise.

On the other hand, if your neighbors are not succeeding, they will haggle for the last cent for your house, your goods, your labor. The prices for these services will tend to fall.

When you buy goods away from home, you work to reduce the prosperity of your neighbors. Thereby they become less able to do anything to help you, and you have failed to build up business ties with them, so that they feel no personal interest in you.

When you buy goods at home, you increase the prosperity of your neighbors. They are not merely better able thereby to help you along in return, but you have created business friendships that make them want to help you.

Buying at home pays!

HORTICULTURAL COMMISSION IS TO FIGHT THE PESTS

SACRAMENTO, Sept. 12.—A campaign is to be started by the State Horticultural Commission to obtain a ruling from the Postoffice Department providing for expert examination of all mail matter sent under the new parcels post law.

The fear that fruit pests may be shipped from state to state in packages of fruit and in young trees is the reason for the campaign.

E. O. Ossig, secretary of the State Horticultural Commission, said yesterday that all the chambers of commerce, boards of trade, prominent horticultural men and fruit growers will be approached in the matter and asked to exert their influence to have such a ruling made by the Postoffice Department.

"PERSEUS" SINKS—1500 DEMOCRATS NARROWLY SAVED

NEW YORK, Sept. 12.—The steamship Perseus of the Iron Steamboat Company struck a rock last night while returning from Donnelly's College Point grove and stove a hole in her side, far beneath the water line. On board she had between 1500 and 1700 members of the Hudson County Democracy of Jersey City.

The vessel put back to shore while the club members busied themselves putting on life preservers. Ten minutes after the passengers had left the boat she sank alongside the College Point dock in twenty feet of water.

FLAMES BROKE OUT IN BRITISH STEAMER HOLD

SAN FRANCISCO, Sept. 12.—Fire which broke out last night in the hold of the British steamer Fitzclarence at the Chagron street wharf, threatened to destroy 1300 tons of Japanese sulphur in her cargo. The Fitzclarence, Captain J. H. Blair, arrived recently with coal for this port and sulphur for Portland, from Muroran, Japan. If the entire cargo of sulphur is destroyed the loss will be between \$40,000 and \$50,000.

THE STATE ADMINISTRATION WILL PROTECT THE SMALL FARMER WHO USES BAGS

(Special to the Register)

SACRAMENTO, Sept. 12.—Prompt action upon the part of the State Board of Prison Directors promises to put an effective stop to the practice of certain big firms in the state of tying up the jute bag supply of the San Quentin prison and then cinching the little farmer.

President Dennis M. Duffy of the board of prison directors has served notice upon Miller & Lux that they will get no more jute bags even though they have deposited money to secure the delivery of 37,000 additional sacks.

Duffy has also called upon the attorney general for an opinion as to whether under the law the officers of Miller & Lux can be prosecuted criminally for violation of the affidavit required of all purchasers of jute sacks.

Miller & Lux filed with the board of prison directors a request for 137,000 jute sacks and deposited the ten per cent of their cost required by law. The price of sacks as fixed for the year was 6 1/2 cents each, and the purchaser was required to make an affidavit to the effect that the sacks were for his own use and that they would not be resold.

Among the other applicants for sacks Miller & Lux received a delivery of 100,000.

Ten days ago President Duffy of the prison board was advised by farmers that Miller & Lux were selling sacks at 13 and 14 cents. The supply at the prison was exhausted as the jute mill had been kept busy making 500,000 sacks for the bean growers who had been held up by the trust.

Duffy immediately demanded an explanation of Miller & Lux, and the firm replied that it had overestimated its needs. Duffy then informed them that they would not get the 37,000 remaining sacks and called in the attorney general to see what steps could be taken to prosecute the big cattle firm, and make it disgorge its illegal profits.

Miller & Lux declare they will sue the state for the 37,000 sacks so that they can still further cinch the farmer.

CHICAGO'S HEAT WAVE ENDS WITH DEATH OF 2 PEOPLE

CHICAGO, Sept. 12.—Two heat victims succumbed yesterday during what the weather bureau declared the paring shot of the hot wave. The mercury entered the ninety degree region once more at noon, but reports of frosts Tuesday night in the north-west and cooler temperatures in the central Mississippi valley region added assurance to the promise that relief was only a matter of hours.

At 7 o'clock last night the mercury had dropped several degrees, under a cloudy sky, and rain was promised before morning.

That "Ladies" Poolroom

Editor Register: I read with much interest the proceedings of the meeting of our City Council on last Monday evening, and through your good paper I want to thank the good sisters who were present with petition opposing the license so graciously granted at a previous meeting, to a man who had already shown the coming of one about to engage in questionable business. I also, heartily thank the member of the board who stood so firmly against the opening of another poolroom in Santa Ana.

I hear that the plans for the poolroom for which the license in question was recently obtained is perfect in all details for the trapping of men and women, boys or girls, of Santa Ana, and elsewhere. Can it be that such a place be allowed to exist in this, a so comparatively clean town? Or will our council reconsider the matter and revoke the license so objectionable to all good citizens, especially the mothers of boys and girls. I am not a society or club woman; just a plain everyday Christian woman, mother and grandmother; an Ohio crusader, who by experiences in reform work long ago learned that poolrooms and saloons are of "near kin." Why must we have either?

RUPERT CITY PORTS AT SAN PEDRO—MAY PORT FORTNIGHTLY

LOS ANGELES HARBOR, San Pedro, Sept. 12.—The arrival of the British steamer Rupert City yesterday, from British Columbia ports, inaugurates the service of the Marine Transportation Company, limited, of which Captain O. J. Humphrey is the general manager. Captain Humphrey states that if sufficient inducements are offered regular fortnightly service will be established. Large quantities of the products of the northern coast, it is thought, will find a market here, print paper alone offering a tonnage amounting to 3000 tons a month.

The Powell River Paper Company had a consignment of 300 tons on the Rupert City for this port and 400 tons were discharged at San Francisco. The steamer also brought 1000 tons of whaling station by-products, which is largely used for fertilizing purposes through the orange belt. The steamer will sail northbound on Saturday and will take a considerable quantity of asphaltum from local plants.

Ladies are invited to attend our Fall Millinery Opening Saturday, September 14th. Miss Ruth Taylor.

HAD PLEASANT MEETING

Ladies of Christian Church Greeted Old Members—Gave Secretary Token

Wednesday afternoon at the First Christian church the ladies of the auxiliary to the C. W. B. M. held their regular monthly meeting. During the business session the following officers were elected for the coming year: Mrs. L. L. Brinsden, president. Mrs. T. Vance, vice president. Mrs. J. C. Davis, secretary. Mrs. W. B. Williams, treasurer. Mrs. G. A. Lucas, librarian. Mrs. Vance had charge of the program. The subject was New Zealand. Mrs. Paul E. Wright gave a paper on "The Country of New Zealand, Our Churches and Opportunities There." Mrs. Lucas gave a paper on "Our C. W. B. M. Organizations in New Zealand." Mrs. Marie Harris gave a paper on "The People of New Zealand."

The meeting was well attended by the women of this church who were glad to welcome Mesdames. Pixley, Freeman, Bowen, Gearhart, and Bradshaw from Orange.

The social hour took the form of a reception for Mrs. F. M. Seeley. Dainty refreshments of strawberry ice and cake were served. Mrs. E. Gist in a few well chosen words presented Mrs. Seeley with a gold C. W. B. M. pin, a present from the society as a token of remembrance and of the high esteem in which she is held. She has been a member of the society twenty years and has acted as secretary for this society several years. Mr. and Mrs. Seeley are leaving for their new home in San Diego and will be greatly missed in the work of this church.

For Southern Friend
Mrs. T. M. Purdon was hostess on Tuesday afternoon in honor of her friend, Mrs. Pardee of Texas. The Purdon home on North Broadway was artistically decorated in begonias. Mrs. Frank Greenleaf assisted the hostess in the serving of delicious fruit salad and cakes. A very pleasant afternoon was spent with the charming hostess and the beautiful guest of honor.

Those present besides the guest of honor and the hostess, were: Mrs. Dabbs, Mrs. McCaughy, Mrs. Wright, Mrs. F. Greenleaf, Misses Linda Paul, Maud Jones, Mary Hallmark and little Katherine Allen.

Reopening Week
To show their gladness of heart over the prosperity attending the church as evidenced in the recently completed enlargement of their church building to accommodate the growth of the various departments of the church body, the members of the First Methodist church will celebrate during what they have aptly termed "re-

HOW SOME LOS ANGELES MERCHANTS TREAT THEIR FEMININE EMPLOYEES

That some merchants are just and kind to their employees has been disclosed by the work of the Consumers' League of Los Angeles. Mrs. Mosgrove, one of the prominent members of the league, at a recent meeting, told of beneficent conditions in some of the places visited in that city by League members.

For instance, Mrs. Mosgrove told of one place where the lowest salary paid to a woman is \$10 a week, and every employee shares in the profits. She cited a case of a \$10-a-week telephone exchange operator in this establishment who received \$30 as her half-yearly dividend.

Another store furnishes coffee free to its employees; another provides a dinner for 15 cents, and she declared that if these firms could do this, many more could.

opening week." The week of gladness will open with a banquet tomorrow night in the church dining room at 7 o'clock.

Sunday will be made notable by addresses from men famous in their own lines. The morning service will be conducted by the rugged and courageous minister militant, Rev. Thomas C. Hill, one of the bulwarks of the gentle religion in Salt Lake City for many years, but now of Ohio; the afternoon service will be in the hands of Rev. Dr. Alfred Inwood, superintendent of the San Diego district of the Methodist church of this state, and the evening service will introduce Charles W. Meldum, Ph. D. D. president of the New Orleans University. Further details of the program for the week will be published later.

Guests at Luncheon
Mrs. E. D. Cooke and her sister, Mrs. Frances Wares, were guests at a 1 o'clock luncheon on Wednesday, given by Mrs. E. J. Stanton of Los Angeles. Mrs. Stanton has recently returned from a five months' tour abroad.

Mrs. Wares has been spending several days with friends in Hollywood, and was joined by Mrs. Cooke, who was a passenger on the early Wednesday morning train for Los Angeles.

Breeze-Henschen
Leslie Breeze and Miss Irene Henschen, both of Salt Lake City, were married last night at the home of the groom's mother, 112 West Pine street. A friend of the bride, Miss Murphy, and the mother and brothers of the groom were the only ones present at the ceremony, which was pronounced by Rev. Paul E. Wright of the First Christian church.

Mr. Breeze is employed with one of the sugar factories and is making his home in Santa Ana.

Mrs. Lewton Goes North
Mrs. Theo. A. Lewton, who has been spending the summer in Santa Ana with her parents, Mr. and Mrs. Joseph Yoch, left today with her little daughter for Seattle where she will be joined by her husband, Lieutenant Lewton, on the 20th of this month. Lieutenant Lewton, who is connected with the U. S. revenue service, has been in Alaska this summer.

Miss Caroline Yoch accompanied Mrs. Lewton and will remain in Seattle for a month or two.

Economics Meeting Put Off
There will be no meeting of the Ebell Economics Section, No. 5, until the second Friday in October, owing to the sudden change of plans of Mrs. Claude Congdon, who was to have been hostess at the one o'clock luncheon scheduled for tomorrow. The Congdons are preparing to move to Home, very soon, consequently Mrs. Congdon was not able to entertain the section, and the luncheon is therefore cancelled.

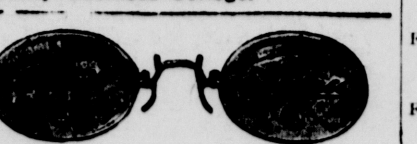

Santa Ana G. A. R. in Parade
The patriotic bodies of this city made a splendid showing in yesterday's magnificent parade of civil war veterans and the women's auxiliaries of the Grand Army of the Republic. Sedgwick Post, under Commander J. M. Talcott, marched one hundred strong, while Sedgwick W. R. C. sent fifty women to keep step with the comrades in the line of march. The Register is not informed as to the membership of the other local patriotic societies that may have been represented in the parade, but it is glad to know that there were at least one hundred and fifty of patriotic men and women who walked under the glorious banners of our country that waved yesterday along the splendid line of march in the streets of our Los Angeles, that honored the old soldiers with flowers, cheers and the silent but eloquent tribute of tears over the fast thinning ranks of the veterans, and the memory of their heroic endurance of peril and hardships in the days of the '60s. All honor the veterans of the Grand Army of the Republic and their faithful women folk.

DECLINE TO HELP THE GAS COMPANY

Orange Merchants Will Not Back it in Fight For Higher Rates

ORANGE, Sept. 12.—President Bain and Attorney Goodman, of the Southern Counties Gas Company, appeared before a meeting of the local Merchants & Manufacturers' Association last night and asked the backing of that body in their attempt to get the gas rate in Orange restored from \$1.15 to the old rate of \$1.25. They gave figures to show that the company could make no money at the present rate. After hearing the case presented the association decided to take no action in the matter.

WALTER COLLINS WAS JOLTED BY RUNAWAY

Walter Collins of the C. C. Collins
Company was the chief actor in an
exciting runaway accident at Fourth
and Main about 9 o'clock this morning.
A horse attached to a delivery wagon
became frightened near the Gilmer
block, on West Fourth, and ran east,
tearing the shafts from the rig and
trailing them behind him. At the cor-
ner of Main street Collins was in a
light wagon which was standing by
the curb. The runaway struck the wa-
gon and dragged it several feet. Col-
lins was thrown violently to the as-
phalt street, but luckily escaped with
a severe shaking up. One wheel was
torn from the wagon. The runaway
imal turned south on Main street at
last reports was making good ti-
towards the peatlands.

Poor Cartridges Saved Cruz
From Answering More Serious
Charge Than Assault

Jesus Cruz, charged with assault with intent to commit murder on Carlos Cerda, was held to answer to the superior court in \$1500 bond by Justice Landell today. Two weeks ago the two men with several others were in a row at Yorba Linda, in which knives and pistols played parts. Cerda had been accused of kissing Julia Ruiz, aged 14, against her will, and Cruz, the girl's godfather, went after Cerda with a gun. He shot at Cerda four times, one ball striking him in the stomach and the others

GROWS BEAUTIFUL, HEAVY

HAIR—25 CENT "DANDERINE"

Destroys Dandruff—Stops Falling Hair—Cleans and Invigorates Your Scalp—Delightful Dressing

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance; freshness, fluffiness and an incomparable gloss and lustre and try as you will you cannot find a trace of dandruff or falling hair; but your real surprise will

be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp. Danderine is, we believe, the only sure hair grower; destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

SUNDAY HIS
GREAT DAY

Santa Ana Veteran Would Have

Fixed G. A. R. Parade For
That Day

Los Angeles Times: Had matters been arranged to suit W. N. Jackson of Santa Ana, formerly of Co. D, Twenty-second Illinois Volunteers, the parade would have been held on Sunday. For Sunday, "the best day of all" is Jackson's particular day. By a peculiar coincidence it has figured prominently in his history and that of his family for many years, he related yesterday after the parade.

The first thing Jackson did on a Sunday was to be born—March 4, 1838, at Lawrenceburg, Tenn. His wife, Serina, was likewise born on Sunday—June 12, 1838, at Carlisle, Ill. Twenty years later the two met at Carlisle on a Sunday, became engaged on a Sunday, and were married on a Sunday. Jackson enlisted at Greenville, Ill., on a Sunday.

Three children were born to the Jacksons, each on a Sunday. Walter C. Jackson, the oldest, was born on October 10, 1870, which was the seventh day of the week. The second child, dying in infancy, was buried on Sunday, as was also the elder, who lived to manhood and died July 4, 1903. Charles V. Jackson, the youngest son, lives in Los Angeles and is traveling in Oregon and Washington in the theatrical business. A grandson, Walter Jackson, now in the navy, entered the world on Sunday.

Jackson served two years in the Civil War, was wounded twice, once at Belmont, Tenn., and a second time at Stone River. At the latter battle he was captured by the enemy, taken to Libby prison at Richmond, and held there five months. Then he was exchanged and rejoined his regiment at Murfreesboro in May, 1863.
